PLAZE - SURFACEGLASS

SurfaceGlass isn't just another wall panel, it's the ultimate wall panel, a true example of British craftsmanship at its very best.

What makes SurfaceGlass so special? It is the distinctive properties of our panels, the versatility, the ease of installation, no chance of cracking, a huge collection of patterns, easy to clean, and fully waterproof, not to mention the pride of them being manufactured completely in the UK.

With our ability to create bespoke designs, our durable large format panels are ideal for commercial and domestic environments alike. This enables you to personalise any area just how you want it to look!

Plaze is proud of using cutting edge technology, alongside the creative talent of the best designers around. This collaboration creates a truly breath-taking product, with absolute clarity, crispness, and vividness of imagery.

Our products are created from items sustainably sourced in the UK, making our ranges fully recyclable and have a minimal carbon footprint.

Plaze is constantly innovating, allowing us to deliver the freshest designs and on trend products be sure to check our website for our latest products.

So sit back, review our brochure, and plan how you can let your walls do the talking
